2. PATTERN COLOR/SHADE VARIATIONS PAGES

The pattern may call for up to 9 shades of a single color. Variation Pages help you decide what you like. There are 6 different color variations of this pattern in order to give you an idea of the various looks you can achieve with your color and shade choices. You can copy the colors exactly, or mix and match what you like to make your quilt top unique! For your convenience, included is a page with Kona Cotton fabric colors that work together fairly well.

If you cannot determine a shade from the printout, follow the text description on the variations pages; That way you should be able to determine the relative shadings.

The Color Palette I use in my designs is to the right:
 Each pattern variation requires AT MOST 9 shades of each color:
 #1 is almost white and #9 is close to black
 Brown 1-9, Red 1-9, Orange 1-9, Yellow 1-9,
 Lime 1-9, Green 1-9,
 Light Blue 1-9, Dark Blue 1-9,
 Purple 1-9, Pink 1-9, Grey 1-9
 Plus White (BW-1) & Black (BW-2)

Some patterns may have multiple letters with the same color; see the variations pages

3. IDENTIFY THE COLUMNS ON 60" AND 45" FABRIC CHOICES PAGE(S)

This pattern has 14 colors/shades possible in it's design. You can choose whatever color scheme you wish. You can match one of the variations on the preceding pages or come up with a color scheme all your own.

The Fabric Choice page identifies each color/shade in the pattern with a Letter or Number, number of squares of each color, and the total amount of fabric needed for the each of the finished square sizes. (Fabric amounts round up to nearest 1/8 yard)

4. DECIDE ON YOUR FABRIC CHOICES

Choose & Purchase your desired fabrics and shades.

You can write your description of each fabric on the Fabric Choices Page and/or attach a snippet of each fabric to that section for reference.

5. CUT YOUR FABRIC SQUARES

Each quilt top uses only one size square in its pattern. You decide which size you want the finished quilt and choose the appropriate size square according to the chart on the first page of these instructions. Cut all squares with the method you feel most comfortable with.

All seam allowances for this quilt are 1/4";
Cut your raw squares 1/2" larger than your finished square size.

Where there are multiple copies needed for a row, you can choose to cut strips instead of squares and strip piece the fabric before cutting out the rows individually. You can use the multiplier (CutSquareWidth X NumberOfRows + 1CutSquareWidth) to determine the strip lengths. There are many sites online that explain strip piecing.

6. ORGANIZE YOUR FABRIC SQUARE CONTAINERS AND LABEL THEM

After Cutting, Place each set of squares of each color/shade into a separate container; A plastic bag, bowl or other container that is convenient for you.

Label each container with the matching letter/color label on the Labels Page. Make sure all the containers are within reach of your sewing machine.

7 Block 2 Row 7	15 Block 4 Row 15	23 Block 6 Row 23	
8 Block 2 Row 8	16 Block 4 Row 16	24 Block 6 Row 24	

Use the letter codes on the Row Pattern Pages and on the fabric square containers to select the correct next fabric squares to sew.
It is convenient to pull out all the squares for a row and have them lined up next to your machine so you can focus on the sewing.

7. SEW THE REQUIRED NUMBER OF COPIES OF EACH NUMBERED ROW

The Row Sewing Instruction Pages use both color and letter to indicate the identity of each square in the pattern.

Sew the indicated number of copies of each row. Some patterns may only have one or two rows that have multiple copies, so if there is more than one label with that number, double check the Row Sewing Guide.

To keep track of where you are in the row, you can cross off each square on the pattern page as you finish adding that fabric square to all copies of each row.

8. ADD ROW LABELS FROM LABEL PAGE TO THE LEFT/STARTING END OF EACH ROW

After you sew a few squares in a row, Pin the appropriate label from the label page to the LEFT/BEGINNING side of each row.

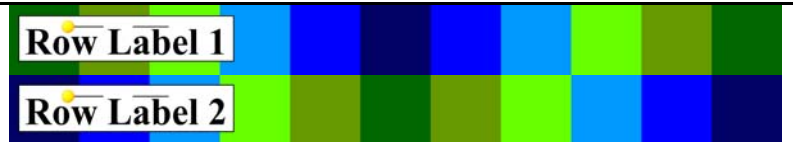

Safety Pins are a safe and hassle free way to attach the labels to each row.

These labels will allow you to sew the correct rows together later without worrying about losing track of which row is which.

9. SEW ROWS TOGETHER IN PAIRS
